

Residents of Wilmslow

People Before Party

**Residents of Wilmslow
is fixing Cheshire East**

**Don't let the Conservatives
break it again...**

**Independent auditors said
Cheshire East had been
“run as badly as it gets”***

***Grant Thornton - Public Interest Report**

They described the previous Conservative administration of Cheshire East as one of the most discredited councils ever. They called it “toxic” and “dysfunctional” and on the same level of failure as the Westminster ‘Homes for Votes’ scandal

& Croydon Council's £1.3 billion bankruptcy.

But they said Cheshire East has now been transformed by the new administration,

Residents of Wilmslow

People Before Party

We delivered our 2019 promise to “Change Cheshire East”

We stopped new police raids on council offices and criminal investigations.
We stopped the councils “dysfunctional” and “toxic” performance.
We stopped temporary council staff being paid £1,000 a day.
And we stopped the above inflation Council Tax hikes.

Instead, we only increased Council Tax in-line with inflation.
We improved services according to government reviews.
For the 1st time Cheshire East didn't overspend & drain its financial reserves.
All while dealing with a pandemic and inflation running at a 50 year high.

Vote for RoW

to keep improving Cheshire East

CHRIS HILLIARD Residents of Wilmslow

Chris has lived in Wilmslow and Lacey Green since a young child and works locally as a sales manager at one of the towns electric bike shops. He is also taking an active part in the new Wilmslow Business Improvement District.

Chris is a self-confessed technology geek who puts his IT passion and skills to good use by working with charities and organisations that focus on disability rights. This has even involved providing submissions to the United Nations.

Now he wants to build on all this by giving Lacey Green a councillor who is active in fixing its problems and who “gets things done”. Chris has joined Residents of Wilmslow because it is non-political and their focus is on solving local problems and projects that put “Wilmslow before Westminster”.
